## Preface

The 1984/85 *Directory of Education* is a comprehensive listing of publicly supported schools, school boards, and education officials. A key to the layout and abbreviations used in the directory may be found on pages 3 and 4.

The directory is divided into eight sections. The first section provides a list of colleges and universities; the second section provides a list of Provincial Schools; the other sections are devoted to the various regions. Each regional section includes the address of the regional office of the Ministry of Education, a list of the ministry officials in the regional office, and a regional map. Also included in the directory are maps, on pages 15 to 18, showing the jurisdictional boundaries of larger school boards.

The present directory was compiled from data submitted by the school boards in the June 1984 Board Report and reflects as accurately as possible the information contained in that report. The figures showing the number of staff members and students are those estimated for the 1984/85 school year.

The number of staff members represents the full-time equivalence of both full-time and part-time teachers.

## Préface

L'*Annuaire de l'administration scolaire* de 1984/1985 donne la liste complète des écoles publiques subventionnées par les fonds publics, des conseils scolaires et des responsables de l'éducation. On trouvera aux pages 3 et 4 de l'annuaire un spécimen de la disposition typographique ainsi qu'une liste des sigles.

Cet annuaire comporte huit sections. La première donne une liste des collèges et universités; la deuxième présente une table alphabétique des écoles provinciales; les autres sections portent sur les diverses régions de l'Ontario. Ces dernières sections comprennent l'adresse du bureau régional du ministère de l'Éducation de la région donnée, la liste des fonctionnaires régionaux du ministère et une carte de la région. L'annuaire contient également des cartes, pages 15 à 18, indiquant les limites des circonscriptions scolaires les plus importantes.

On a établi l'annuaire à partir de renseignements fournis par les conseils scolaires dans leur rapport du mois de juin 1984 en étant aussi fidèle que possible à ces renseignements. Le nombre d'éducateurs et d'élèves pour l'année 1984/1985 est un nombre approximatif.

Le nombre d'éducateurs représente l'équivalence à plein temps des enseignants à plein temps et à temps partiel.

The 1984-85 *Directory of Education* lists 186 school boards; of these, 175 operate elementary and/or secondary schools. The number of schools shown above reflects the number of programs set up by the boards and reported on the June Board Report, 1984. Many of these programs are operated under one school administration unit by one principal; others are administered by different principals who occupy the same facility. It is estimated that, of the 4757 schools reported, approximately 4500 are school administrative units. For example, of 301 schools for the trainable retarded, 106 are classes located in public schools, 45 are classes located in Roman Catholic schools, and 43 are classes located in secondary schools. In addition, it should be noted that there are 21 schools with a grade range from Junior Kindergarten to Grade 13 and 27 junior high schools with students enrolled in Grades 7 to 9; these schools are reported as both elementary and secondary schools.

L'*Annuaire de l'administration scolaire* de 1984-1985 comporte une liste de 186 conseils scolaires; 175 de ces conseils administrent des écoles élémentaires ou secondaires, ou les deux. Le nombre d'écoles mentionné ci-dessus correspond au nombre de programmes mis en place par les conseils scolaires et déclarés dans leur rapport de juin 1984. Bon nombre de ces programmes relèvent d'une unité administrative scolaire gérée par un directeur ou une directrice d'école; d'autres relèvent de directeurs ou de directrices d'école différents bien qu'ils soient offerts dans une même école. On estime que des 4 757 écoles déclarées, environ 4 500 constituent des unités administratives scolaires. Ainsi, parmi les 301 écoles pour déficients moyens, 106 sont des classes incorporées dans des écoles publiques, 45 le sont dans des écoles catholiques et 43 dans des écoles secondaires. En outre, il faudrait noter que 21 écoles dispensent l'enseignement de la maternelle à la 13e année et que 27 écoles n'accueillent que les élèves de la 7e à la 9e année; ces écoles sont incluses à la fois dans les écoles élémentaires et les écoles secondaires.
